The Entrepreneur 6-Plus

Embroidery Machine - PR670EC

High-speed acceleration

Reach up to 1,000 stitches per minute in 7 seconds. This improved acceleration is not only on initial startup, but at thread trims, too.

Large 10.1" built-in high-definition LCD display

View your creations in crisp, vivid colour and navigate easily with the scrolling menu and large, intuitive icons.

Droplight LED positioning marker

LED Pointer helps visually show the needle drop position. Plus, use the Trial/Trace feature to see where the entire design will be embroidered before stitching!

6 needles with customizable needle settings

Each needle offers customizable settings for speed, colour lock, and the disengagement of the needle threader – useful when using a thin needle.

Large embroidery area of 8" x 12"

Includes four sizes of embroidery frames: 1.5" x 2", 4" x 4", 5" x 7", and 8" x 12"

Included advanced cap frame set

The advanced cap frame set gives you a generous area for cap embroidery. Now it's easy to add logos or your favourite phrase to a wide array of caps.

Go Pro from Home with 6-Needle Versatile Embroidery

Whether you're looking to start a home business or just looking to open up your creativity, getting the right partner is a great place to begin. The Entrepreneur 6-Plus incorporates all the user-friendly features you'd expect to find in any of the Brother home embroidery machines, together with the speed and finish of a commercial machine. It's so user-friendly and so incredibly easy to use. Put it to work – or play – for you!
