

Signature Series Exterior Line

Features and Benefits

- 100% Acrylic
- Excellent adhesion
- Peeling and blister resistant
- Resists formation of new mildew
- Available in over 1500 colours
- Formulated for the Canadian climate
- Satisfaction Guaranteed

Excellent for exterior surfaces such as:

- Vinyl and Aluminum siding
- Wood
- Stucco
- Masonry

Note: With vinyl siding, **do not** paint any darker than the original color, or the siding can get too hot from sunshine, and warp permanently.

Beauti-Tone is formulated to withstand the extremes of our Canadian Climate

*MPI APPROVED

Coverage

4 litres will cover up to 40 square meters (400 square feet per coat).

Optimal Performance Guidelines

- Always use premium applicators. Synthetic brushes and high quality lint free rollers are recommended. May be sprayed.
- While applying paint, always maintain a wet edge and a liberal uniform film thickness.
- Before painting be sure that enough paint is purchased and boxed together to ensure a uniform colour.
- All surfaces must be clean, dull, dry and free of dust, grease, wax or any other contaminants.
- Follow label/lid directions for application and primer requirements.
