Working with you for a better environment

At Brother, our green initiative is simple. We strive to take responsibility, act respectfully and try to make a positive difference to help build a society where sustainable development can be achieved. We call this approach Brother Earth. www.brotherearth.com

COMPATIBLE WITH
WINDOWS

¹ Based on one-sided printing. Change from default setting required.

[▲] From ready mode and standard tray.

^{*} PostScript®3™ compatible.

^{*} Additional purchase required.

[∞] Maximum capacity based on using 20 lb. paper.

[◇] Maximum number of printed pages per month can be used to compare designed durability between like Brother products. For maximum printer life, it is best to choose a printer with a duty cycle that far exceeds your print requirements.

^{*} The recommended range of monthly printed pages to achieve the best possible performance and printer life. Printers are intended to handle occasional usage beyond this range with little or no effect. Consistently printing above the recommended print volume, however, may adversely affect the print quality or life of the machine. It is always best to choose a printer with an appropriate recommended print volume to allow for any anticipated increase in printing needs.

▼ Approximate toner cartridge yield in accordance with ISO/IEC 19752 (letter/A4).

[^] Approximately 30,000 pages based on 1 page per job and 50,000 pages based on 3 pages per job [letter/A4 simplex pages]. The number of pages may be affected due to a variety of factors including but not limited to media type and media size.
