11 Documents greater than 11.7" in length must be fed one at a time through the ADF.
12 Maximum number of printed pages per month can be used to compare designed durability between like Brother products. For maximum printer life, it is best to choose a printer with a duty cycle that far exceeds your print requirements.
13 The recommended range of monthly printed pages to achieve the best possible performance and printer life. Printers are intended to handle occasional usage beyond this range with little or no effect. Consistently printing above the recommended print volume, however, may adversely affect the print quality or life of the machine. It is always best to choose a printer with an appropriate recommended print volume to allow for any anticipated increase in printing needs.
14 Approx. yields may vary by printer model and are extrapolated based on Brother's original methodology that uses Test Patterns based on ISO/IEC 24712
