- Uses 6 "AAA" alkaline batteries or optional AC adapter† (both not included).

Save on batteries with optional AC adapter†

Large selection of tough, long lasting tapes

Large, easy-view display

PT-1090 Electronic Labelling System

What can you label?

Perfect for organizing the home or office

The PT-1090 is an easy-to-use, hand-held labelling machine for the home or office that produces a wide variety of quality labels made to last. It's 12 "Deco Mode" patterns enable you to create unique and stylish labels for many different applications.

Anyone can use it

This portable labeller has a simple ABC style keyboard and convenient "Feature Dial" making it easy for the whole family to use. It's time & date function lets you print labels for leftovers, smoke detector batteries, and other dated items, while the cable labelling feature helps keep your wires and cables organized. Create labels with 1 or 2 lines of crisp text, and use the built-in memory to save up to 9 of your favorites!

Durable laminated labels

The PT-1090 allows you to choose from a wide range of TZ tapes to match your application - use our tough, standard laminated tapes for indoor and outdoor use, or use one of our specialty tapes for labelling everything from rough textured surfaces to protecting valuable assets and more. P-touch® TZ tapes are the only tapes available that have a unique 7-layer lamination, which makes the labels heat, cold, water, chemical and fade resistant.

Total Customer Satisfaction

Brother is committed to total customer satisfaction. We provide no-charge toll-free technical support for the life of your machine, 7 days a week*, including 24/7 web support. Our PT-1090's 1 year limited exchange express warranty is supported by an established network of highly qualified Authorized Service Partners. We are at your side every step of the way.
