PT-1230PC Electronic Labelling System

Easy to use. Even easier to share.

Simple labelling with so many possibilities

The PT-1230PC is a versatile, portable and truly easy to use labeler. Create labels within seconds, simply by connecting it to your PC. Compact and lightweight, it's perfect for on the go labelling for the home or office.

Easy to use and secure

The PT-1230PC's plug and label functionality makes it simple: Just connect to your PC using the included USB cable, press the power button and within seconds begin using the intuitive P-touch® software to create labels incorporating almost any fonts, graphics or images from your PC, for almost any use. You are only limited by your imagination.

When you are done making labels, simply turn the PT-1230PC off and disconnect it from your PC. No software is left behind on your computer, making it safe and easy to share.

For making more complex labels with a variety of symbols and industry-standard bar code symbologies, you can also download a free full version of P-touch® Editor software to load onto your PC.

Durable laminated labels

The PT-1230PC allows you to create an astonishing variety of labels up to half an inch wide. Choose from a wide range of TZ tapes to match your application - use standard laminated tapes for indoor and outdoor

use, or use one of our specialty tapes for labelling everything from wires and cables to rough textured surfaces to protecting valuable assets and more. Change tape widths and colours in seconds with convenient interchangeable TZ tape cassettes.

Total Customer Satisfaction

Brother is committed to total customer satisfaction. We provide no-charge toll-free technical support for the life of your machine, 7 days a week*, including 24/7 web support. Our PT-1230PC's 1 year limited exchange express warranty is supported by an established network of highly qualified Authorized Service Partners. We are at your side every step of the way.
