Built-in label collection feature: Over 50 pre-designed labels

Organize and identify. Colourful labels to facilitate quick identification

Get creative using customized labels with frames and symbols

PT-2030AD Electronic Labelling System

What can you label?

Perfect for organizing the home or office
The PT-2030AD is a sleek, desktop labeller for home or office that produces a wide variety of quality labels made to last. It can print using 4 professional fonts. It features a manual tape cutter and a large, 16-character x 2 line graphical display for easy viewing. Print up to 5 lines of text on each label - even preview labels before printing. Create durable, laminated labels in a variety of colours and sizes up to 18mm wide.

Label collection feature
The PT-2030AD's new label collection feature helps make your labelling easier and more efficient by providing quick access to over 50 pre-designed labels for files, office signage and more! The PT-2030AD also includes an AC adapter, 18mm starter "TZ" laminated tape, and user's manual. The PT-2030AD also operates on 6 "AA" batteries (not included).

Durable laminated labels
The PT-2030AD allows you to choose from a wide range of TZ tapes to match your application - use our tough, standard laminated tapes for indoor and outdoor use, or use one of our specialty tapes for labelling everything from rough textured surfaces to protecting valuable assets and more. P-touch® TZ tapes are the only tapes available that have a unique 7- layer lamination, which makes the labels heat, cold, water, chemical and fade resistant.

Total Customer Satisfaction
Brother is committed to total customer satisfaction. We provide no-charge toll-free technical support for the life of your machine, including 24/7 web support. Our PT-2030AD's 1 year limited exchange express warranty is supported by an established network of highly qualified Authorized Service Partners. We are at your side every step of the way.
