PT-D200 Electronic Labelling System

P-touch®. The only way to label!

Getting organized just got easier

The PT-D200 makes it easy to create stylish labels for your home and office. With its convenient one-touch keys and an array of pre-designed labels, getting organized just got easier.

Made to be easy

Quickly access fonts, symbols, frames or Deco Mode patterns using the dedicated one-touch keys. The graphical display lets you preview text and layout prior to printing, so you know exactly how your label will look before you print. Its auto tape detection feature automatically recognizes the size of the installed tape cassette and adjusts the text to fit the label width.

Personalize with Deco Mode

Create personalized, decorative labels using the large variety of fonts, frames and symbols. Quickly print pre-designed, eye-catching labels from the Deco Mode gallery or use the 2-line, name badge designs to create labels for meetings and events. The large, built-in memory stores up to 30 of your favorite labels – so reprinting them in the future is a snap.

Durable laminated labels

The PT-D200 allows you to choose from a wide range of TZe tapes to match your application - use our tough, water resistant standard laminated tapes for indoor and outdoor use, or use one of our specialty tapes for labelling everything from wires and cables to

rough textured surfaces to protecting valuable assets and more.
