

SASR1

Intelligent Stitch Regulator *(Compatible with BX1)*

Ensures even stitch lengths for free-motion quilting and stitching by using infrared sensors to match the needle's timing to fabric movement, helping to prevent inconsistent stitches.

- Features 3 modes
 - Continuous
 - Intermittent
 - Basting
- Includes 3 feet (Regular, Open-Toe, Echo)
- Allows for height adjustments making quilting smoother and more professional by adapting to your hand-guided speed.

SAWTXJB
