

The Pro Cover Stitcher

Cover Stitch - CV3550

Up to 1,000 stitches per minute

Sew up to a speedy 1,000 stitches per minute.

Colour-coded lay-in threading

Follow a single coloured line per thread as a guide for easy threading.

Fast and easy looper and cover spreader threading

Whether you're threading only the looper for a single-sided cover stitch or the cover spreader for a double-sided cover stitch, we know you'll enjoy fast and easy threading.

Double-sided cover stitching

Capability to make double-sided tri-cover (6 mm), wide cover (6 mm), and narrow cover (3 mm) stitches. The cover stitch will appear on both the top and bottom sides of the fabric.

Extra large 6.1" x 3.9" workspace

Comfortably work on projects with ample free space surrounding the needle.

The Pro Cover Stitcher allows you to create a wide range of cover stitches on all types and weights of fabric for both decorative and constructive applications. It features both single-sided and double-sided tri-cover stitches, wide cover stitches, narrow cover stitches, as well as a chain stitch. Additional points include a free arm, LED light, thread cutter, colour-coded threading, easy looper and cover spreader threading, a presser foot pressure dial, and snap-on feet. The adjustment dials for stitch length and differential feed are now conveniently located on the right-hand side. With three needles, one lower looper and one cover spreader, the CV3550 creates not only professional hems and chain stitching, but it allows you to add double-sided cover stitching to your projects for special one-step finish – previously unavailable.
