

13 Natura® Double Strength Cleaning Vinegar Hacks

You Should Know!

Natura® Double Strength Cleaning Vinegar is a green, natural, and cost-effective alternative to harsh cleaners and chemicals.

3 L 4581-226
650 mL 4581-227

1 Drain opener

Have a clogged drain? No problem! Pour 1 cup of cleaning vinegar and $\frac{1}{4}$ cup of baking soda in the sink. Let stand for 5 minutes and clean with hot water. The vinegar and baking soda will digest any proteins in the drain and treat a smelly P-trap at the same time!

2 Make Floors Shine

To clean tile or linoleum, combine $\frac{1}{2}$ cup vinegar and 1 gallon of water. Mop on with a clean microfibre mop.

3 Cookware cleaner

Have you ever burnt rice in a pot? This can be a stubborn mess to clean up. Try putting 1 part water to 3 parts cleaning vinegar in the burnt pot or pan. Let the mixture boil for 2 to 3 minutes. Remove from heat and scrub with an abrasive sponge. Problem solved!

4 Herbicide

Spray weed with cleaning vinegar. Watch it die right before your eyes. Great for moss and algae removal as well.

5 Stain Remover

Saturate set-in stains with cleaning vinegar. Then rub the spot with paste made of equal parts vinegar and baking soda. You can add a couple of tablespoons each of vinegar and laundry detergent to a bucket of water and soak the garment overnight if the stain persists. Then rinse and wash.

6 Clean drinking glasses & cutlery

Spray glass with cleaning vinegar. Wipe off with a clean microfibre cloth or paper towel.

7 Microwave cleaner

Place a microwave safe bowl with cleaning vinegar in the microwave and cook on high for 2 to 3 minutes. Using gloves, remove the bowl from the microwave and remove the food residue with a sponge. Helpful hint: microwave your used sponge(s) on high for 1 minute after use to kill 99% of the germs left in the sponge from everyday cleaning.

8 Clean Nursery Room

Reduce diaper pail odour, safely clean baby toys, painted furniture, doors, and walls. Mix equal parts vinegar and water. Apply with paper towel or spray bottle and wipe dirt away.

9 All-purpose cleaner

Double strength cleaning vinegar can be used to clean a variety of surfaces including stubborn adhesive residue that is left behind from stickers. Fill an empty spray bottle with $\frac{1}{2}$ cup of cleaning vinegar and a few drops of Natura® Dish Soap. Shake well and let the mixture settle. For really tough jobs, add a teaspoon of baking soda to the mixture!

10 Dishwasher & small appliance descaler

Pour a cup of vinegar into the bottom of the dishwasher. Run through a normal cleaning cycle. Lime and hard water scale is removed as easy as that. Clean coffee pots by filling reservoir with a mixture of 3 cups vinegar and 7 cups water. Run through brewing cycle. Discard. Rinse thoroughly with 2 brew cycles of water. Tea kettles get a build up of mineral deposits as well. Simply add 2 cups water and 2 cups cleaning vinegar. Let sit for 1 hour and discard. Rinse well with clean water.

11 Washing Machine

Pour vinegar into fabric softener dispenser and add $\frac{1}{2}$ cup to the bottom of the washer. Run through a washing cycle with a load of towels or your fabric shower curtain. Clean as a whistle.

12 Calcium and Lime Scale

Remove rust, calcium and lime scale from shower doors, faucets, shower heads, tubs, toilets. Spray onto shower doors, faucets, stainless steel sinks and fridges etc. and wipe with a microfibre cloth. Problem solved.

13 Hard Surface Cleaner

Spray onto stove top, range hood, BBQ etc. to remove greasy cooking soils.

Avoid cleaning granite, marble, and natural stone as the acid in vinegar can dull and weaken the sealant on these surfaces.
