

Cut-N-Seal®

WOOD PRESERVATIVE

for cuts, holes, and injuries in
pressure treated wood above ground

Technical Data Sheet

Product Description

Cut-N-Seal® is a brush-on wood preservative for saw cuts and holes in pressure treated wood that expose untreated wood above ground where appearance counts, on deck boards, railing, post tops and fence boards.

Cut-N-Seal is a ready-to-use, copper-based, waterborne formula that is low VOC and low odour. It is available in a Sienna/Cedar colour that is colour-matched to MicroPro Sienna® Treated Wood.

Uses

For pressure treated wood **above ground**, Cut-N-Seal is used to protect the areas of exposed untreated wood caused from saw cuts and drill holes on deck boards, post tops and fence boards. Cut-N-Seal is not to be used in ground contact applications, in preserved wood foundations, to recoat pressure treated wood surfaces or as a replacement for pressure treatment. For exterior use only.

Properties*

Contains copper(II) carbonate hydroxide and n-Alkyl dimethyl benzyl ammonium chloride.

Physical State: Suspension, aqueous-based

Freezing Point: 0°C (32°F)

Stability of Freeze/Thaw Cycle: Avoid freezing.
Keep above 4°C (40°F)

pH: 8.0-9.0

Density: 1.03 g/cm³

Appearance and Odour: No specific odour.
Liquid suspension. Colour may vary.

* Data generated directly from product sample.

Packaging

946 ml plastic can / 6 or 10 per tray

3.78 L plastic jug / 4 per tray

Application

- Pressure treated wood should be clean and dry.
- Cut-N-Seal is ready-to-use – do not dilute.
- Shake and stir contents before and periodically during use.
- Apply a first coat by brush, allow to absorb, and apply a second coat.
- Apply at a temperature above 10°C (50°F)
- Clean up with soap and water.
- Dispose of empty container in household trash.

Coverage

A 946 ml can will seal with two coats approx. 330 5/4x6 deck board ends or approx. 220 2x6 deck board ends.

Storage

Store in tightly closed container. **Keep from freezing.**
Keep above 4°C (40°F).

Safety Measures

Avoid contact with the eyes and skin; wear eye protection and rubber gloves. Keep out of the reach of children. Refer to the product label on the container and safety data sheet for further information.
