

# DAPtex plus

## MULTI-PURPOSE FOAM SEALANT

DAPtex® Plus Multi-Purpose Foam Sealant is a latex-based product used for filling voids and sealing large gaps. Designed to meet the tough standards demanded for professional window & door installations while offering the easiest-to-use technology for DIYers. When applied properly, this patented formula helps reduce energy loss and damage that can be caused by air, rain and pest infiltration.

- Seals, insulates and weatherproofs
- Won't overexpand
- Conserves energy to save money
- No paint thinner required
- Paintable
- Toolable and moldable
- Reusable, non-clogging applicator
- Low Odour

Easy Water  
Clean-Up
