

Easi-Fil[®]

2' *by* 2'

Patch and Repair Drywall Panels

2' x 2' x 1/2"

Great for small to medium
size drywall repair projects.

- Lightweight
- Easier to handle
and transport
- Creates less waste

Easy as...

1
Locate the two studs on
either side of the damaged
area and cut the drywall out
along the centre of each stud.

2
Measure and cut the 2' x 2'
drywall to fit the area and
screw it into each stud.

3
Embed drywall tape into the
Easi-Fil[®] drywall compound.
Sand when dry, apply
finishing coats as needed,
then prime and paint.

For best results, use
CertainTeed Easi-Fil[®] drywall
compound and CertainTeed
Marco[®] Spark-Perf joint tape.
