

VENUS

Aluminum Shower Caddies

Optimize organization and product storage with the **VENUS Shower Caddies**. Conveniently designed to include inverted bottle holders, these handy storage caddies allow you to use up every drop of your favorite shampoo or conditioner. Easily store your razors and shower accessories using the integrated hooks and hangers. These caddies are constructed of anodized aluminum with new, innovative welding technology for enhanced strength and durability. The VENUS Shower Caddy line is also guaranteed to remain rust free, forever!

The VENUS 2 & 3 Tier Shower Caddies easily hang over your shower head and the rubber horseshoe keeps the caddy securely in place. The VENUS 3 Tier Over the Door Shower Caddy comes with silicone padding that prevents rattling and protects your glass.

STAFF PICK

"I really have been enjoying VENUS in my shower! I love that it's so light and it will never rust, because it's made of aluminum. The fact that it allows for my bottles to sit upside down, so that I can use my favorite product to the very last drop, is also a bonus feature." - Elana
