

Extending the Convenience

ALTO Extendable Shower Squeegee

It is well known that shower glass should be swiped clean after every shower to preserve its sparkling appearance. Frameless shower enclosures with floor-to-ceiling tile are the hottest must-have luxury for a bright and sophisticated space. With higher standard ceiling heights, it is now becoming difficult to reach the very top of glass shower doors and enclosures. The **ALTO Extendable Shower Squeegee** allows for the perfect cleaning experience and ensures that you won't miss a spot!

STAFF PICK

"ALTO is my favorite! I'm obsessed with keeping my glass shower door sparkling clean after each shower. The ALTO Extendable Squeegee is perfect and simple to use, especially for me because I am short. It reaches the top of my glass shower enclosure without having to rely on my husband or requiring a stool. Leaves my glass brilliantly clean every time!" - Tanya

- Ergonomically curved handle extends Squeegee to 18 inches
- Made of durable rust-proof aluminum
- Polished stainless steel blade holder with 10" rubber blade
- Prevents accumulation of mildew and eliminates water spots
- Easy-hook handle with chrome suction for in-shower storage
- Rust and tarnish free
