Colour: Light Green Fragrance: Odourless

pH: 8.93

Specific Gravity: 1.00 Surface Temperature:

> Material – 10°C (50°F) to 32° (90°F) Ambient - 10°C (50°F) to 32° (90°F) Substrate - 10°C (50°F) to 32° (90°F)

Storage of material at elevated temperatures for prolonged periods may experience skinning.

Viscosity: N/A Flash Point: N/A

Disposal: Contact your local environmental regulatory office

or your municipality for specific guidelines

Container Sizes: C17-10 1L 1620R949

General Preparatory Steps and Application Info

-Ready to Use formula

- -Use a cloth or sponge to wash the surface well.
- -No rinsing is necessary but ensure excess cleaner residue is removed (rinsing might be necessary).
- -Depending on severity of surface, repeat above process.
- -Allow surface to completely dry prior to painting.
- -Do not mix with products containing bleach or ammonia.
- -Will not neutralize mold or mildew. 1 part of bleach and 3 parts of water to kill mold or mildew. Clean with Safe Prep afterwards.
- -Please take extra precaution near and around the project to protect foliage, metal, and glass.
- -Follow label directives for application requirement. Consult your local Paint Department.
- -Can be used as maintenance cleaner.

Application Equipment: Clean Cloth or Sponge. Do not use a microfiber cloth as it might damage the paint.
